

BASIC RADIO OPERATOR AWARD – Practical Assessment Sheet – Instructor Guide

Cadet Surname: _____ Forename _____ Rank: _____

Sqn: _____ Wing: _____

The following elements are to be tested 'on- air' using a radio between two rooms and are to be completed successfully for the Basic Radio Comms (Blue) award.

Method	
The cadet is given a sheet with their callsign (CS1) and the assessor's callsign (CS2), some basic info, simple numeric grids and a time for transport. They are to be told to authenticate the assessor and to then find out how the assessor is receiving them (RADIO CHECK) at the start of their assessment. BOTH and FULL CALLSIGNS are to be used during the assessment at this level. 1) AUTHENTICATION <i>After they have authenticated you, request an AUTHENTICATION from them. Listen for the correct response (CS2 THIS IS CS1 = I AUTHENTICATE BRAVO = ZERO TOO FOWER = OVER) etc</i> 2) RADIO CHECKS <i>After they have requested a radio check from you, request a RADIO CHECK in response. Listen for the correct response without any additional words eg CS2 THIS IS CS1 = LOUD CLEAR / WEAK WITH INTERFERENCE = OVER)</i> 3) REPLY TO A QUESTION <i>Ask them what the transport arrangements are (you may need to prompt for when it will take place). Listen for a full answer and the correct use of 'GRID' and the time sent. (CS2 THIS IS CS1 = HELICOPTER WILL ARRIVE AT GRID WUN TOO TREE FOWER = TO DELIVER SOME EQUIPMENT = AT SIXTEEN THIRTY HOURS (or FIGURES WUN SIX TREE ZERO HOURS) = OVER</i> 4) I SAY AGAIN <i>Request a 'SAY AGAIN GRID' and listen for the correct response (CS2 THIS IS CS1 = I SAY AGAIN GRID etc).</i> 5) SAY AGAIN <i>(Do not brief this part). Tell them their assessment is complete and to return to your location. During this transmission drop the PTT at key points to miss words so that they request a 'SAY AGAIN'. (Assessor replies with 'I SAY AGAIN...').</i>
